## Module: clsCloseCommand

(General Declarations)

1 46

```
'+
' Module      : clsCloseCommand
' Description: Control the Access close button.
'
'           When previewing reports, it is very easy for the user to close PipeLine while
'           only attempting to close the previewed report and return to PipeLine.
'           This occurs because the user confuses the Red X button in the upper
'           right corner of the screen for the command "close report"
'           when it actually executes the command "exit PipeLine".
```

Enabled (boolClose As Boolean)	Let	64	78	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1		622	<input checked="" type="checkbox"/>	<input type="checkbox"/>
